This Office action is in response to applicant's amendment filed on 15 July 2005.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher A. Bennett on 12 October 2005.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

Corrected drawings in compliance with 37 CFR 1.121(d), designating Figure 1 and Figure 2 with a legend such as --Prior Art--, must be submitted as "replacement sheets".

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. Claims 1-23, 30-35 are allowed.

4. The following is an examiner's statement of reasons for allowance: Claims 1-23, 30-35 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a process for manufacturing an integrated circuit package that includes the step of placing one of a heat spreader and a substrate on a surface of a lower mold die and the step of releasably clamping the other of the heat spreader and the substrate such that it is in contact with an upper mold die, combined with the step of using a collapsible spacer to press the one of the heat spreader and the substrate against the surface of the lower mold die, wherein a molded package is formed having at least a portion of the substrate exposed and at least a portion of the heat spreader exposed prior to the step of singulating the molded package to form the integrated circuit package.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
